EWING, N.J., October 1st, 2024 – Hough Petroleum has sold its Commercial Fuels and Lubricants division to Globe Petroleum, of Red Bank, New Jersey. This divestiture will enable Hough Petroleum to focus on its retail and wholesale gasoline and diesel business. PetroActive Services & Mark Radosevich provided merger and acquisition advisory services to Hough., which included marketing the business through a confidential, structured sale process, and negotiation of the sale.

Hough's President & CEO, Gregory Hough, commented, "We remain committed to evolving and growing our business. This includes sharpening our focus on our core competencies and reallocating resources that fit both our short-term, but more importantly long-term, vision. To this end, we will continue to expand our wholesale dealer business, both branded and unbranded, add retail stations, Swell Wash car wash locations, and we plan to roll out our Jack's Shack convenience store brand within the next twelve months. This transaction puts Hough in a great position to pursue further growth opportunities that align with these segments. My great grandfather, who founded the company nearly 80 years ago, would be proud to see the growth the company has achieved"
