March 24, 2020

To our Valued Customers, Employees, Suppliers, & Partners,

While we navigate through these tough times for all of us along with the uncertainty of COVID-19, Hough Petroleum is committed to supporting your business throughout the course of this pandemic and to provide stability of services at all times to help you through this.

Our management team is meeting continuously to assess the situation as it rapidly changes day-to-day and appropriately respond to the crisis to adjust our operations and to support the safety and health of all of those who are impacted. As we all know, New York, New Jersey, Pennsylvania, and Delaware have all ordered shutdowns for non-essential businesses. Hough Petroleum is considered an essential business and we are going to do everything in our power to ensure you get a continuity of services to help you through this stressful and difficult time.

In addition, Hough Petroleum is operating in accordance with guidance from the CDC, local government, and health officials to ensure the health and welfare of our employees, customers, suppliers, and partners and their families are taken care of. We have implemented a variety of actions to help with the potential spread of the Coronavirus and are working endlessly to help everyone stay safe while at the same time continuing to take care of your needs.

Please reach out to us with any additional questions or concerns.

Sincerely,

Gregory Hough

Gregory Hough, Esq.
